

MOBILIZER NXT® 4.0

MAKERS OF THE ORIGINAL SWISS ARMY KNIFE

MOBILIZER NXT® 4.0 COLLECTION

BEST-IN-CLASS AND BETTER THAN EVER.

To satisfy the needs of today's road warrior, we looked to our rich legacy of Swiss innovation and design, blending tough, resilient materials with cutting-edge packing functionality and refined style. The result is the new Mobilizer NXT® 4.0 Collection, designed to be as strong and sophisticated as the person carrying it. Combining classic design, rugged durability and ultra functionality, each bag in this collection was engineered with the modern-day road warrior in mind.

DURABILITY: The new NXT® 4.0 is stronger and more durable than ever. Our new, proprietary Isotech™ fabric features robust 2100D ballistic nylon for maximum abrasion-, moisture- and tear-resistance. The interior features the enhanced durability of our refined khaki cross-dye twill

Khaki Cross-Dye Twill Lining

Hytrel® Corner Guards

lining. Larger, super-tough thermoplastic Hytrel® corner guards and skid plates by Dupont™ provide even more protection in the areas most vulnerable to damage while traveling. Self-healing Racquet Coil™ zippers from industry leader YKK® feature spring-loaded, replaceable zipper pulls with lockable sliders, offering unsurpassed burst strength and endurance for thousands of uses.

CONVENIENCE: We've raised the bar with the new Mobilizer NXT® 4.0 Collection. From spacious packing options to advances in engineering, to the airport approved Original Swiss Army tweezers and pen, we've taken convenience to a whole new level. The one-touch aircraft-grade aluminum alloy handle system now extends a full 43" and locks into three different positions; 43", 41" and 39", for travelers of various heights—the ultimate incustomization. The super-soft Geluxe™ Comfort Grip reduces arm stress and strain, providing a soft touch for better handling. Cast-urethane inline skate wheels deliver superior mobility and handling and our Interlok™ Attach-a-Bag System lets you easily attach an extra bag to the front of your luggage with the new locking anchor bag strap. Continuing on the tradition of convenience while traveling through security, the

20" and 22" upright feature a front pocket large enough to fit a laptop in our CS² Vertical Computer-Protection Sleeve (sold separately) and a front stash pocket for important travel documents and valuables. Mobilizer NXT® 4.0 provides easier access to main compartments, wider suiters and more organizational pockets.

SECURITY: Mobilizer NXT® 4.0 offers peace of mind for today's road warrior. A *Travel Sentry® Approved* Luggage Lock protects your belongings yet allows airport security to open the lock without destroying it and relock it after inspection. Mobilizer NXT® 4.0 is also backed by the Carry With Confidence™ Guarantee which provides coverage for common carrier damage, as well as our Swiss Tracker™ Bag Tracking Program, which can help reunite you with your bags should they be lost in transit.

- 43" aircraft-grade aluminum handle with Geluxe™ Comfort Grip locks in multiple positions to accommodate travelers of various heights
- 80mm inline skate wheels for smooth rolling and superior handling
- Expands 2.5" for extra packing space*
- Zip-in suiter with foam bolsters to reduce wrinkling holds one suit and two dress shirts or dresses with zippered mesh pocket for additional organization and storage**
- Front stash pocket for quick access items and easier passage through security***
- Front, gusseted pocket for reading materials, travel documents and more; large enough to fit a laptop in our CS² Vertical Computer Protection Sleeve (sold separately)
- Interior features refined khaki**** cross-dye twill lining and padded tie-down straps to secure garments and minimize wrinkling
- Internal, fine mesh zippered pockets for delicates, accessories and more
- Interlok™ Attach-a-Bag System easily stores and secures an additional bag on the front of your upright
- Self-healing YKK® Racquet Coil™ zippers feature replaceable zipper pulls and have superior burst strength
- *Travel Sentry® Approved* Luggage Lock secures belongings while in transit and allows TSA screeners to open the lock without destroying it, and relock it after inspection
